PRINCIPALS REPORT

Cross Country

Last Friday we hosted our local Cross Country event for our Year 3 to Year 6's. It was wonderful to see so many parents and carers there to cheer their children on. All of the students who participated did an amazing job either completing the 2km or 3km course. Thank you to Leanne H for organising a great event. The next Cross Country Event will take place on the 19th of May in with location TBC.

MOTHER'S DAY BREAKFAST

A final reminder to lock in your RSVP for our event. We are also still hoping for some additional volunteers to help out on the stall from 12pm on Friday and with the Breakfast. Also there will **BE NO BREAKFAST CLUB this week** because of our Mother's Day celebration.

Resilience

Is about a child's ability to cope with ups and downs, and bounce back from the challenges they experience during childhood - for example moving home, changing schools, studying. Building resilience helps children not only to deal with current difficulties that are a part of everyday life, but also to develop the basic skills and habits that will help them deal with challenges later in life, during adolescence and adulthood.

Resilience is important for children's mental health. Children with greater resilience are better able to manage stress, which is a common response to difficult events. Stress is a risk factor for mental health conditions such as anxiety and depression, if the level of stress is severe or ongoing.

If you would like further information on how to develop and build resilient children please see <https://healthyfamilies.beyondblue.org.au/healthy-homes/building-resilience>

Attitudes to School Survey

In the coming weeks the Year 4 to 6 students will be participating in Attitudes to School Survey. I will be taking the students through this survey and they are asked many questions about the quality of their education, safety in the school environment, their student voice and agency in their learning and how positive they feel about school. This data is then used to plan for and adjust our learning environment to suit the needs of our students.

Lost Property and naming uniform

Over the past 2 weeks we have collected a large amount of 'un-named' uniform, mainly jumpers. Some of these are brand new. If parents could please make sure they are naming their child's uniform it is much easier for us to return it to them directly. If you are missing something please come up to the Office and see if you can locate your missing items.

LUNCHES

A reminder that students should be bringing a fruit or vegetable in their lunch boxes on a daily basis. Also, with the weather becoming cooler, your children may have an increased appetite and including a sandwich, wrap or similar will help sustain their concentration into the afternoon.

NUMERACY NEWS

How can I help build my child's numeracy?

Helping children to become numerate does not need a high level of mathematics. It means:

- encouraging children to try, then keep trying
- encouraging children to think (reason)
- supporting children while they do homework (which means encouraging them and taking an interest, but not doing the thinking for them)

You can help build your child's numeracy through doing the following:

- modelling numeracy with children (including interpreting data, charts and diagrams)
- talking aloud when solving problems (every day or mathematical)
- getting children to check their answers (Does this answer make sense?)
- encouraging children to help with
 - cooking (especially measuring out ingredients)
 - paying bills
 - scheduling events in the day
 - reading maps and giving directions
 - shopping
 - measuring

KIEWA VALLEY PRIMARY SCHOOL

FOUNDATION AND OTHER YEAR ENROLMENTS

2024

WHY CHOOSE US?

- Strong community connections
- Caring staff
- Student voice and agency
- Targeted teaching and learning program
- Inclusive school environment
- Beautiful rural setting with vast grounds
- Before and After School Care Program
- Daily Lunch Clubs and Weekly Breakfast Club

PIE DRIVE

Pie Drive order forms have been sent home. Extras can be picked up from the office if required.

Orders and money need to be returned by Thursday 8th June.

LET'S KEEP COLLECTING!

BATTERY COLLECTION AND RECYCLING PROGRAM

Batteries contain harmful substances including mercury, cadmium and lead. These chemicals and materials can be dangerous if mixed with other waste streams and cause damage to the environment if placed in landfill.

To help keep batteries out of landfill and encourage everyone to recycle batteries, Close the Loop offers a national battery recycling service for everyone. The different types of both single-use batteries and rechargeable batteries that we collect and recycle are listed below.

- Lead Acid (Pb)
 - Nickel Cadmium (NiCad), sealed & vented
 - Lithium-Ion - Lithium-Ion Polymer
 - Lithium Batteries
 - Alkaline Batteries
 - Nickel Metal Hydride (Ni-MH)
 - Single-use Batteries
 - Rechargeable Batteries
 - Household Batteries
- Medical Specific Batteries (Oxygen Analysers, Foetal Monitor, PH Meters etc)

Please drop used batteries into the box located at the school office.

DID YOU KNOW?

Your child's sports fees are an eligible savings goal?

 saverplus.org.au

Saver Plus – Because the best thing money can buy is financial freedom

The Saver Plus community program has helped over 55,000 Australians take the stress out of school costs. It's free for eligible people to join.

At Saver Plus, we pair you with a savings coach while you budget and save over the next 10 months. You attend online workshops to learn tips, tricks and information to grow your budgeting and savings skills. Once you reach your agreed savings goal, ANZ matches your savings dollar-for-dollar, up to \$500. You can use that money towards education costs such as uniforms, text books, laptops or extra-curricular activities such as sport or music.

You could be eligible to join Saver Plus if you:

- have a Centrelink Health Care Card or Pensioner Concession Card
- are at least 18 years old
- have some regular income from work (you or your partner) including casual, part-time, full-time or seasonal (we also accept child support and carer's payment as income)
- have a child at school or attend vocational education yourself.

To find out more, or to apply, go to www.saverplus.org.au or call 1300 610 355
